1. Terri announces the kick-off, Monday, October 6th.
2. Each Monday, Terri will announce our new root word. It would be helpful to have your support of this word during the week.
3. Entry/Exit tickets as well as a Kahoot link are available for you to use under the RED star on the library webpage.
4. Each grade level will receive one set of the top 30 Greek and Latin Roots that we will track this year.
5. Students will be encouraged to discover words that use the root. They may write the word on a 3 x 5 index card along with their name and grade level. These cards will be displayed on the bulletin boards outside the cafeteria. The board will change each week with new words that use the new root.
6. Students will be encouraged to use the hand motions noted at the bottom of each poster.
7. All students K-5, will take a pre-test over the roots during their library time during the next two weeks. Test data will go to the grade level Greek/Latin Committee Member.
8. A second test over the same roots will be given in January. The test will be the same as the pre-test. The final test will be given in May. Hopefully, we can find a way to celebrate our learning…from the ROOTS up!
9. Ask your grade level committee member for more information.

Committee members:
Terri Breaux
Jamie Fry (Librarian)
Ann Scott (Quest)
Charlotte Perez (tech advisor)
Maria Degilio (Kinder rep)
Kelly Killingsworth (1st rep)
